Communication with school is extremely important and the more involved parents are with school the more successful students will achieve and learn. I invite all parents to contact the school if they need information or clarification on events involving school. Email is the most successful way of contacting the school if the office is unattended.

Tonight is the monthly P&C meeting at 7.00pm. All parents are invited to attend either at school or online via zoom. The link to the zoom is;

All details for the P&C meeting will be sent to your email address. You will be required to have a zoom account to get access. If you are having difficulty, please contact the school and we will assist with getting online.

Coming up soon the P&C will hold a Mother's Day stall for our students and organise a Mother's Day High Tea. I will need some dads to assist with the Mother's Day High Tea. Please contact school and leave your name if you can assist with this very important day of celebration.

Finally, please remember that all students should attend school when it is operational. Our attendance rates have dropped below acceptable standards and we need all children attending school 90% of the time. Parents are also reminded to contact the school if your child is away. All absences require explanations from parents and carers. Thanks for your understanding on student learning and achievement, and enforcing **every day counts at school.**
